The Lily is a thoughtfully designed two-story floor plan that combines functionality and comfort for modern living. As you step inside, the first floor welcomes you with a flex room to the left, perfect for a home office, playroom, or cozy den. Continue walking into the heart of the home, where you'll find an open-concept layout that seamlessly connects the great room, dinette, and kitchen—ideal for both everyday living and entertaining. A convenient powder room completes the first floor. Heading upstairs to the second floor, you'll discover a versatile loft space that can be tailored to suit your needs, whether as a second living area or hobby room. The primary bedroom offers a spacious walk-in closet and a private primary bath. Two additional bedrooms and a centrally located laundry room. A half bath is shared by the secondary bedrooms, adding to the floor plan's practical design.
