The Maple offers an easy, comfortable flow designed for busy households. The first floor brings together all the right spaces-an open kitchen with a large island, a walk-in pantry, and sightlines into both the dinette and the great room. It creates a bright central hub that works well for cooking, entertaining, or everyday hangouts. A front flex room adds extra versatility, giving you space for a home office, playroom, or guest area.

Near the garage entry, a rear foyer with a walk-in closet helps keep bags, coats, and gear organized, while a nearby powder room sits right off the main foyer for convenience.

Upstairs, all four bedrooms are grouped together for privacy and practicality. The primary bedroom features a spacious walk-in closet and a private bath with dual sinks and a large shower. Three additional bedrooms share a full hall bath, and a second-floor laundry room sits right in the center.

With thoughtful storage, flexible spaces, and an open, connected main level, The Maple is designed to make everyday living feel simple and comfortable.
